

Curricular Supplement

The amount of money that the band classes receive from the county each year does not begin to cover the cost of operating our curricular classes. Therefore, in order to be able to afford to run a band program with the national reputation that Harrison High School has achieved, the Band Boosters supplement county funds. In return, we ask that each student enrolled in band class pay a curriculum enrichment supplement of \$150 for fall semester and \$150 for spring semester. This supplement will ensure we provide the highest quality band class curricular program for your student.

These curricular supplements are used to purchase music, hire professionals in their specific instruments to conduct sectionals with your students during band class each week, bring in guest conductors to enhance the student's knowledge of music, and purchase and maintain instruments and equipment.
